THE VILLAGE OF LONG GROVE

Originally settled as a German farming community, the Village of Long Grove’s rich and historic background gave way to a host of cultures, such as French, Polish, Greek, Irish, Canadian, Scottish, British, Scandinavian, Italian, and Native American. Just northwest of Chicago, this special little village retains many of the character of its original farming community roots, with historic buildings, cobblestone walks and flowering gardens, set in a secluded rural atmosphere.

And now, added to all the traditional favorites, Long Grove has an exciting new mix of attractions, offering contemporary goods and style, cool arts and entertainment, and festive spaces to fulfill the wishes of a whole new generation. For everyday shopping and dining or a mini-vacation, this is an easy “must-see” trip from anywhere in Chicagoland. Come back again and again, because there’s always something new in Long Grove.
